12. Important Notice

- 1) This Document could contain typographical errors or technical inaccuracies.
- 2) Intellectual Property Responsibilities

A. All software, if any, is sold “as is” and without warranty of any kind.

Seller expressly disclaims all warranties express or implied on software, including but not limited to, Noninfringement of third party rights, and any implied warranties of merchantability or fitness for a particular purpose. Seller does not warrant that the functions contained in the software will meet Buyer’s requirements, or that the operation of the software will be uninterrupted or error-free.

B. Seller and Equipment owner does not transfer license to the Buyer to use any Software. Buyer shall obtain license directly from the manufacturer of the Products. This Agreement does not grant to Buyer a license or right to use the intellectual property (including without limitation the names, patents, trademarks or copyrighted works) owned or controlled by Equipment owner or Equipment manufacturer. Any attempt to assign or transfer any of the rights, duties or obligations herein without obtaining prior written permission of the other party shall render such attempted assignment or transfer null and void.

Thus, Buyer shall obtain no title to any software or other licensed products (“Products”) accompanied or attached to the Equipment delivered to Buyer, and such Products shall at all times remain the property of the owner. Prior to the legal use of any such Products, Buyer shall be responsible to obtain permission from the owner.
